IN THE CLAIMS:

Please cancel claim 2 without prejudice or disclaimer of the subject matter thereof.

The following is a complete listing of claims in this application.

- 1. (currently amended) A condenser microphone comprising:
- a substrate;
- a back plate having a stationary back electrode and secured to the substrate;
 - a spacer <u>securely</u> mounted on the back plate;
- a diaphragm electrode on secured to an upper surface of the spacer; and
- a frame having a sound collecting hole and $\underline{\text{securely}}$ mounted on the diaphragm electrode.

Claims 2-7 (canceled).

- 8. (new) The condenser microphone according to claim 1, additionally comprising at least one corner recess including means for making an electrical connection to the microphone.
- 9. (new) The condenser microphone according to claim 1, additionally comprising a field-effect transistor mounted on the substrate in a recess in the back plate.
- 10. (new) The condenser microphone according to claim 9, additionally comprising at least one vent through the back plate to the recess.
- 11. (new) The condenser microphone according to claim 1, which is case-free.
